

**Section 403. Residential Low Density (RLD)**

A. Legislative Intent: The regulations for the Residential Low Density District are intended to provide for various types of residential development while at the same time recognizing the potential problems caused by the use of on-lot sewage disposal systems on lots which are of insufficient size to support a replacement on-lot sewage system should the initial system become inoperable. The preservation of the Township's environmental resources, including groundwater, is essential to the public health and safety.
